INVICTUS INSIGHT

The **कलसिस्ट** Fiesta

The Diwali Fiesta 'Kalassic' at Invictus International School was a luminous celebration of unity, culture and communal spirit. Diwali, cherished for its symbolism of togetherness, was beautifully brought to life through the collective efforts of students and teachers, crafting an event that captured the festival's vibrant essence. From intricately crafted decorations to delectable dishes to entrepreneurial skills, the stalls brimmed with originality and enthusiasm. True to Invictus' values, the event also emphasized social responsibility; students had the opportunity to earn money from their stalls, with the proceeds dedicated entirely to charitable causes.

We were honored to welcome Mrs. Sakshi Sawhney, the IAS Deputy Commissioner of Amritsar, as our esteemed chief guest. Her presence added great significance to the event, inspiring both students and faculty alike. We are immensely grateful for her valuable insights and encouragement, which further elevated the spirit of our celebration.

CREATIVE CURATIONS –

The student-crafted stalls at 'Kalassic' were a vivid display of the much awaited event. From grades 1 to 12, students channelled their creativity to handcraft an array of Diwali-themed creations, each conceived and brought to life with meticulous care. Every grade took on a unique project: some fashioned intricately designed candles, others painted exquisite canvases, while a few crafted vibrant bags and ornamental wall hangings. These handmade pieces were not just products but expressions of their artistic zeal and harmonious collaboration. The finished artefacts, striking in their beauty, illuminated the fiesta, infusing it with colour and charm.

SAVOURING SWEETS –

The food stalls at 'Kalassic' beautifully celebrated our culinary heritage. Students put in great effort to prepare traditional dishes, ranging from savoury street foods to classic sweets, each reflecting diverse cultural roots. Their dedication and skill brought authentic flavours to the fiesta, adding a warm, festive charm to the Diwali celebrations.

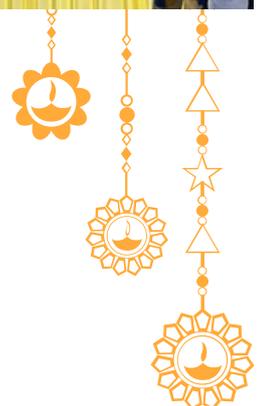

Students proudly set up their own stalls showcasing their entrepreneurial spirit by crafting unique products from scratch and donating their earnings to charity. With unwavering support from the school community, this initiative exemplified their dedication to social responsibility and their growth as budding entrepreneurs, adding essential values to their lives.

PASSIONS PURSUITS & PURPOSE DRIVES

"Be the change that you wish to see in the world."
At 'Kalassic' the high school stalls buzzed with energy, showcasing an impressive variety of clubs and initiatives driven by a heartfelt mission. Students dived into their passions, forming vibrant groups in Science, Poetry, Entrepreneurship, Maths, and Economics—all aiming not just to educate but to ignite inspiration. Each initiative, from local NGOs to community outreach efforts, was designed to give back, with proceeds dedicated to making a real impact.

Invictors believe in taking action, leading the way and impacting lives!

Encouraging Young Entrepreneurs

Students proudly set up their own stalls showcasing their entrepreneurial spirit by crafting unique products from scratch and donating their earnings to charity. With unwavering support from the school community, this initiative exemplified their dedication to social responsibility and their growth as budding entrepreneurs, adding essential values to their lives.
